Dear Mr Cobern / Ms. McCauley

This is a status update for KQRU-LP Santa Clarita, CA. The facility had filed Silent STA Aug 14, 2018. The facility had been recently granted a CP, which had been constructed and placed on the air, with license to cover filed Aug 10, 2019. We filled out the Resumption form in CDBS (attached shows screen shot with "Created" date-stamped at Aug 10 2019 11:54PM). Unfortunately, I was having difficulty getting the form to file that night. My memory had lapsed and forgot to try again the next day to file that Resumption.

The station had officially resumed operation Aug 10 2019. If anything else might be required please do not hesitate to contact me.

Thanks
Todd Urick

Subject: KQRU-LP Status Update

Dear Licensee,

Our records indicate KQRU-LP filed a silent STA request for a period starting on August 14, 2018. Our records also indicate that a license to cover was filed on August 12, 2019. In order to properly determine how long WYDD-LP has been off the air, please respond to this email with the resumption date for the silent period starting August 14, 2018.

Sincerely,

Keith Coburn
