Re: Intelli LLC (Intelli)  
KAZA(AM), Gilroy, CA  
Facility Identification Number: 54572  
Special Temporary Authority (STA)  
BESTA-20190904ACK

Dear Mr. Do:

This is in reference to the request filed on September 4, 2019. Intelli requests a further extension of the STA granted on September 17, 2014, to continue operating using the KZSJ(AM) tower to allow time to file the required FCC Form 301 application (due to loss of the licensed site).<sup>1</sup> In support of the request, we noted that Intelli did not file the application over the past six months.

Requests for extension of STA will be granted only where the licensee can show that one or more of the following criteria have been met:

- Restoration of licensed facilities is complete and testing is underway;
- Substantial progress has been made during the most recent STA period toward restoration of licensed operation; or
- No progress has been made during the most recent STA period for reasons clearly beyond the licensee's control, and the licensee has taken all possible steps to expeditiously resolve the problem.

Accordingly, the request for extension of the STA is GRANTED, and Intelli may continue to operate with the following facilities:

Geographic coordinates	36° 57' 49" N, 121° 29' 22" W (NAD 1927)
Frequency	1290 KHz
Hours of operation	Unlimited
Operating power	1.25 kW (day), 0.02 kW (night)

---

<sup>1</sup> KAZA(AM) is licensed for DA operation on 1290 kHz with 5 kW day and 0.088 kW night.

Antenna type  
Antenna efficiency

existing KZSJ(AM) tower, ID#30906  
307 mV/m/km/kW

Intelli must reduce power or cease operation if complaints of interference are received, and use whatever means are necessary to protect workers and the public from exposure to radio frequency radiation in excess of the Commission's exposure guidelines. *See* 47 CFR § 1.1310.

This authority expires on **March 18, 2020**.

Sincerely,

Joseph Szczesny, Engineer  
Audio Division  
Media Bureau
