Re: CC Licenses, LLC (CCL)
WKJK(AM), Louisville, KY
Facility Identification Number: 55497
Special Temporary Authority (STA)
BESTA-20190904ABB

Dear Mr. Davis:

This is in reference to the request filed on September 4, 2019. CCL requests a further extension of the STA granted on February 8, 2018, to continue operating with parameters at variance.¹ In support of the request, CCL states that additional time will be needed to complete repairs and resume licensed operations.

Requests for extension of STA will be granted only where the licensee can show that one or more of the following criteria have been met:

- Restoration of licensed facilities is complete and testing is underway;
- Substantial progress has been made during the most recent STA period toward restoration of licensed operation; or
- No progress has been made during the most recent STA period for reasons clearly beyond the licensee's control, and the licensee has taken all possible steps to expeditiously resolve the problem.

Accordingly, the request for extension of the STA IS HEREBY GRANTED, and CCL may continue to operate with parameters at variance from licensed values and/or reduced power while maintaining monitor points within licensed limits. CCL must reduce power or cease operations if complaints of interference are received, and use whatever means are necessary to protect workers and the public from exposure to radio frequency radiation in excess of the Commission's exposure guidelines. See 47 CFR § 1.1310. CCL must submit an e-mail to my attention to certify the date

¹ WKJK(AM) is licensed for DA operation on 1080 kHz with 10 kW day and 1 kW night, using different patterns.

the station resumed operations per BL-19850220AG with negligible changes (to ensure an FCC Form 302 filing is not required).

This authority expires on **March 23, 2020**.

Sincerely,
