BPED-20190502AAT

Dear Applicant:

This letter refers to the above-captioned application for a minor change to a licensed facility. For the reasons stated below, we will dismiss the application.

The application proposes to share the directional antenna of WURN-FM. When the staff contacted the applicant to request the missing directional pattern in an amendment, the response was that a separate non-directional antenna will be used in the aperture of the existing directional antenna instead. This is in violation of 47 C.F.R. § 73.316(c)(2)(vi) and is not addressed in the application or amendments. This constitutes an acceptance defect.

In light of the above, Application BPED-20190502AAT is unacceptable for filing pursuant to 47 C.F.R. § 73.3566(a) and is **HEREBY DISMISSED**. This action is taken pursuant to 47 C.F.R. § 0.283.

Sincerely,

Rodolfo F. Bonacci
