In re: W282AZ, Greensburg, IN  
BPFT-20190814AAK  
Facility ID # 142225

Dear Applicant:

This refers to the above-captioned application for W282AZ, Greensburg, Indiana.

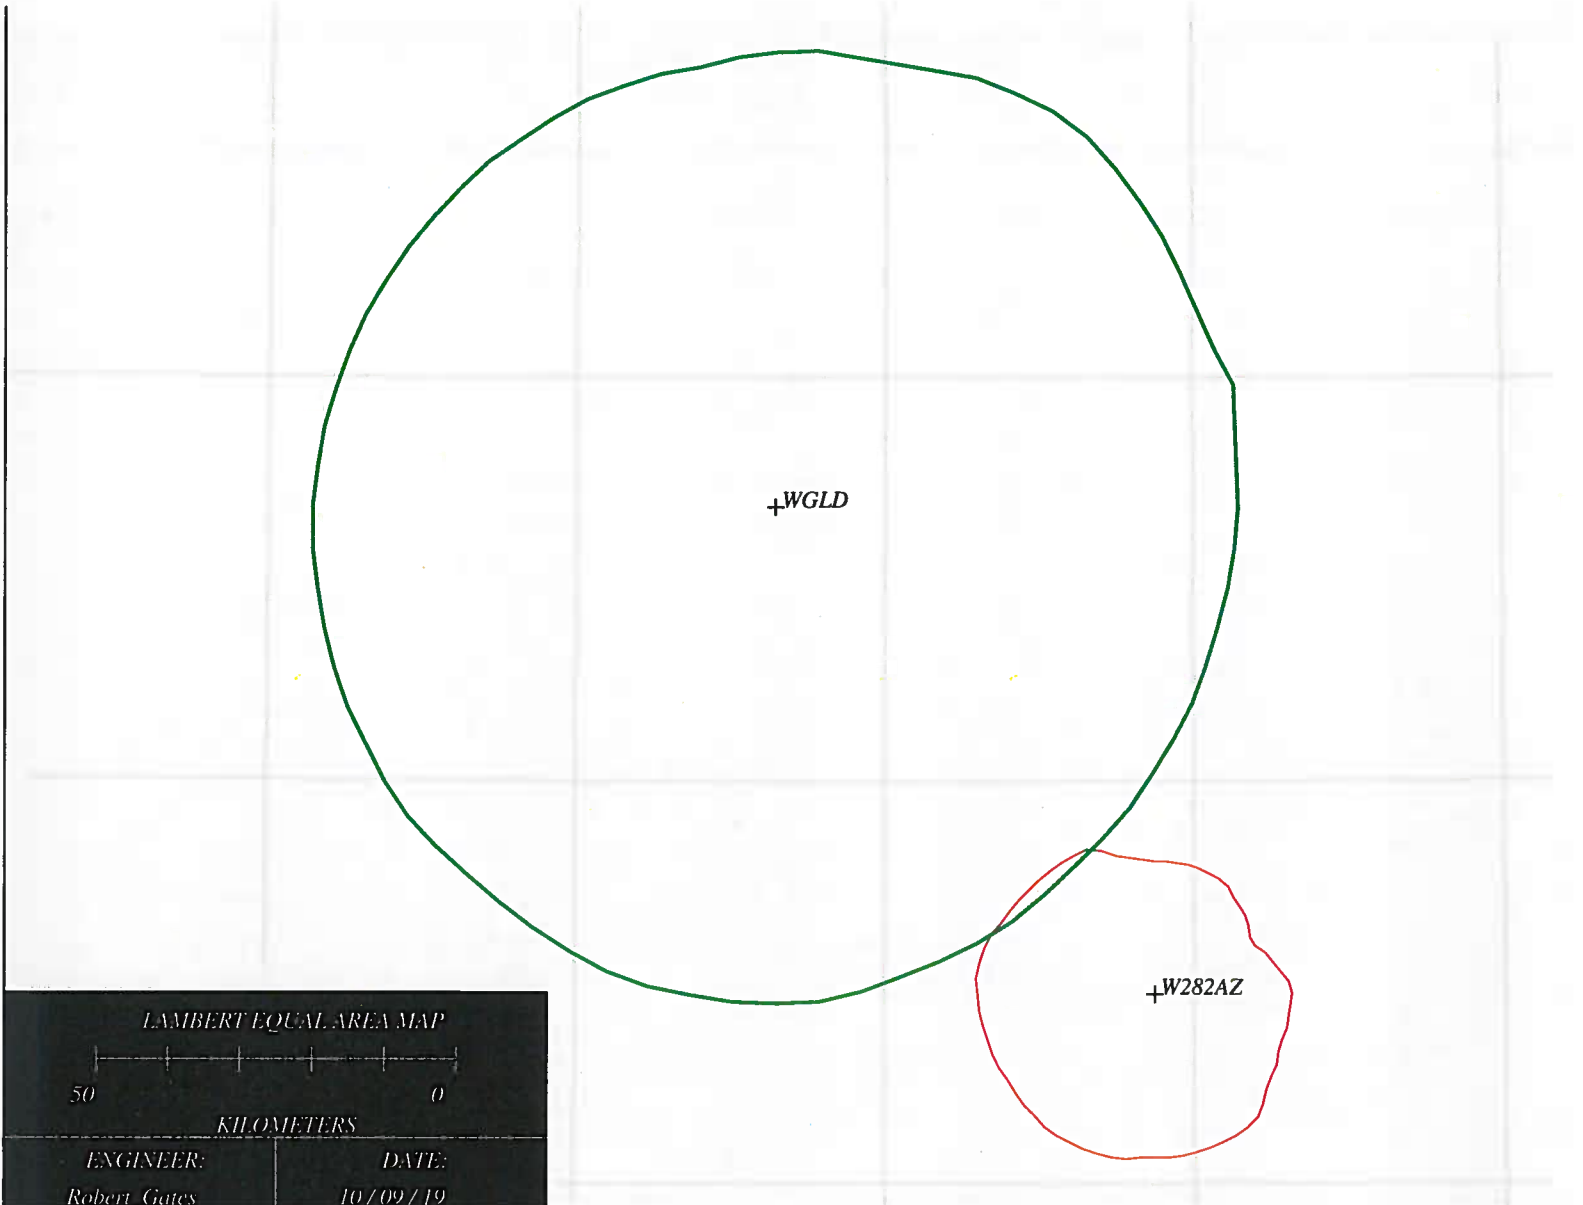

An engineering study has revealed the application violates 47 C.F.R. § 74.1204(a) with respect to WJJK(FM), Noblesville, Indiana (BMLH-20030828AYT). Section 74.1204(a) states that an application for a FM translator station will not be accepted if the proposed operation would involve prohibited overlap of predicted field strength contours with any other authorized station. The proposed 48 dBu interference contour overlaps with the 54 dBu protected contour of WJJK(FM).

In light of the above, the application BMPFT-20190814AAK is unacceptable for filing pursuant to 47 C.F.R. § 73.3566(a) and IS HEREBY DISMISSED. This action is taken pursuant to 47 C.F.R. § 0.283.

Sincerely,

James D. Bradshaw  
Deputy Chief  
Audio Division  
Media Bureau

No topographic data is available for this location.  
 A1 - Number of radials where free space equation was used for field strength calculations.  
 A7 - Number of radials where a HAAT less than 30 meters was adjusted to 30 meters.
