RE: DABAJ, LLC
FRN 0029-2099-05
KRPU(AM), Rocklin, California
FCC Facility ID # 20930
File No. BL-20190719ABA
Form 302-AM Application Amendment

Dear Madame Secretary:

On behalf of our client DABAJ, LLC, the new licensee of AM Broadcast Station KRPU, Rocklin, California, there is transmitted herewith in triplicate an amendment to the pending FCC Form 302-AM application referenced above.

This is submitted in response to a "thirty-day" letter from the Audio Division staff to the former licensee of station KRPU, Akal Broadcasting Corporation, dated April 14, 2020.

Should additional information be desired in connection with the above matter, kindly communicate with this office.

Very truly yours,

Dennis J. Kelly

SECTION II - APPLICANT INFORMATION		
1. NAME OF APPLICANT DABAJ, LLC		
MAILING ADDRESS 4200 N FREEWAY BLVD SUITE 1B		
CITY Sacramento	STATE CA	ZIP CODE 95834

2. This application is for:
- Commercial Noncommercial
- AM Directional AM Non-Directional

NOTE: NIGHTTIME OPERATION IS NON-DIRECTIONAL; DAYTIME OPERATION IS DIRECTIONAL

Call letters KRPJ	Community of License Rocklin, California	Construction Permit File No. BP-20150702ABI	Modification of Construction Permit File No(s).	Expiration Date of Last Construction Permit July 20, 2019
----------------------	---	--	---	--

3. Is the station now operating pursuant to automatic program test authority in accordance with 47 C.F.R. Section 73.1620?

Yes No

If No, explain in an Exhibit.

Exhibit No.

4. Have all the terms, conditions, and obligations set forth in the above described construction permit been fully met?

Yes No

If No, state exceptions in an Exhibit.

Exhibit No.

5. Apart from the changes already reported, has any cause or circumstance arisen since the grant of the underlying construction permit which would result in any statement or representation contained in the construction permit application to be now incorrect?

Yes No

If Yes, explain in an Exhibit.

Exhibit No.

6. Has the permittee filed its Ownership Report (FCC Form 323) or ownership certification in accordance with 47 C.F.R. Section 73.3615(b)?

Yes No

If No, explain in an Exhibit.

Does not apply

Exhibit No.

7. Has an adverse finding been made or an adverse final action been taken by any court or administrative body with respect to the applicant or parties to the application in a civil or criminal proceeding, brought under the provisions of any law relating to the following: any felony; mass media related antitrust or unfair competition; fraudulent statements to another governmental unit; or discrimination?

Yes No

If the answer is Yes, attach as an Exhibit a full disclosure of the persons and matters involved, including an identification of the court or administrative body and the proceeding (by dates and file numbers), and the disposition of the litigation. Where the requisite information has been earlier disclosed in connection with another application or as required by 47 U.S.C. Section 1.65(c), the applicant need only provide: (i) an identification of that previous submission by reference to the file number in the case of an application, the call letters of the station regarding which the application or Section 1.65 information was filed, and the date of filing; and (ii) the disposition of the previously reported matter.

Exhibit No.

8. Does the applicant, or any party to the application, have a petition on file to migrate to the expanded band (1605-1705 kHz) or a permit or license either in the existing band or expanded band that is held in combination (pursuant to the 5 year holding period allowed) with the AM facility proposed to be modified herein?

Yes No

If Yes, provide particulars as an Exhibit.

Exhibit No.

The APPLICANT hereby waives any claim to the use of any particular frequency or of the electromagnetic spectrum as against the regulatory power of the United States because use of the same, whether by license or otherwise, and requests and authorization in accordance with this application. (See Section 304 of the Communications Act of 1934, as amended).

The APPLICANT acknowledges that all the statements made in this application and attached exhibits are considered material representations and that all the exhibits are a material part hereof and are incorporated herein as set out in full in

CERTIFICATION

1. By checking Yes, the applicant certifies, that, in the case of an individual applicant, he or she is not subject to a denial of federal benefits that includes FCC benefits pursuant to Section 5301 of the Anti-Drug Abuse Act of 1988, 21 U.S.C. Section 862, or, in the case of a non-individual applicant (e.g., corporation, partnership or other unincorporated association), no party to the application is subject to a denial of federal benefits that includes FCC benefits pursuant to that section. For the definition of a "party" for these purposes, see 47 C.F.R. Section 1.2002(b).

Yes No

2. I certify that the statements in this application are true, complete, and correct to the best of my knowledge and belief, and are made in good faith.

Name Ranjit Singh Bajwa	Signature

WILLFUL FALSE STATEMENTS ON THIS FORM ARE PUNISHABLE BY FINE AND/OR IMPRISONMENT (U.S. CODE, TITLE 18, SECTION 1001), AND/OR REVOCATION OF ANY STATION LICENSE OR CONSTRUCTION

FCC NOTICE TO INDIVIDUALS REQUIRED BY THE PRIVACY ACT AND THE PAPERWORK REDUCTION ACT

The solicitation of personal information requested in this application is authorized by the Communications Act of 1934, as amended. The Commission will use the information provided in this form to determine whether grant of the application is in the public interest. In reaching that determination, or for law enforcement purposes, it may become necessary to refer personal information contained in this form to another government agency. In addition, all information provided in this form will be available for public inspection. If information requested on the form is not provided, the application may be returned without action having been taken upon it or its processing may be delayed while a request is made to provide the missing information. Your response is required to obtain the requested authorization.

Public reporting burden for this collection of information is estimated to average 639 hours and 53 minutes per response, including the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information. Comments regarding this burden estimate or any other aspect of this collection of information, including suggestions for reducing the burden, can be sent to the Federal Communications Commission, Records Management Branch, Paperwork Reduction Project (3060-0627), Washington, D. C. 20554. Do NOT send completed forms to this address.

THE FOREGOING NOTICE IS REQUIRED BY THE PRIVACY ACT OF 1974, P.L. 93-579, DECEMBER 31, 1974, 5 U.S.C. 552a(e)(3), AND THE PAPERWORK REDUCTION ACT OF 1980, P.L. 96-511, DECEMBER 11, 1980, 44 U.S.C. 3507.

CURATIVE AMENDMENT ENGINEERING EXHIBIT

DABAJ, LLC (DABAJ) is the successor-in-interest to Akal Broadcasting Corporation (Akal). DABAJ acquired the license for AM Broadcast Station KRPU, Rocklin, California from Akal on January 30, 2020 pursuant to consent granted by the FCC on October 11, 2019 in File No. BAL-20190821AAY. Therefore, we hereby amend File No. BL-20190719ABA to specify DABAJ as the applicant in lieu of Akal.

The underlying construction permit (File No. BP-20150702ABI) authorized a correction in the geographic coordinates of the non-directional nighttime antenna, which is located at a separate site from the six-tower daytime directional antenna array.

The information for the daytime directional antenna operation is unchanged. We attach a copy of KRPU's most recent operating license, which provides the specifications and parameters for KRPU's daytime operations (Figure A).

An explanation for the correction of KRPU's nighttime site coordinates was prepared by technical consultant R. Stuart Graham, and is also attached (Figure B).

This authorization re-issued to reflect

Subject to the provisions of the Communications Act of 1934, subsequent acts and treaties, and all regulations heretofore or hereafter made by this Commission, and further subject to the conditions set forth in this license, the licensee is hereby authorized to use and operate the radio transmitting apparatus herein described.

This license is issued on the licensee's representation that the statements contained in licensee's application are true and that the undertakings therein contained so far as they are consistent herewith, will be carried out in good faith. The licensee shall, during the term of this license, render such broadcasting service as will serve the public interest, convenience, or necessity to the full extent of the privileges herein conferred.

This license shall not vest in the licensee any right to operate the station nor any right in the use of the frequency designated in the license beyond the term hereof, nor in any other manner than authorized herein. Neither the license nor the right granted hereunder shall be assigned or otherwise transferred in violation of the Communications Act of 1934. This license is subject to the right of use or control by the Government of the United States conferred by Section 606 of the Communications Act of 1934.

Special operating conditions or restrictions:

- 1 The application BML-20150430AEO to convert station KEBR(AM); Fac. ID 20930 from noncommercial educational to commercial status IS GRANTED, effective upon consummation of the assignment transaction proposed herein.

In order to facilitate this grant, the parties should also notify Penelope Dade, Room 2A-362 (202) 418-2700 of consummation.

- 2 The permittee/licensee in coordination with other users of the site must reduce power or cease operation as necessary to protect persons having access to the site, tower or antenna from radiofrequency electromagnetic fields in excess of FCC guidelines.
- 3 Ground System consists of 120 equally spaced, buried copper wire radials 61.9 m in length except where shortened to connect to common line between towers.

Special operating conditions or restrictions:

4 DESCRIPTION OF AND FIELD INTENSITY MEASURED AT MONITORING POINTS:

Direction of 70° True North:

Leaving the transmitter, proceed east on Meiss Road for 5.5 miles to Ione Road. Turn left for 4.1 miles to Jackson Highway. Turn left 0.6 miles to the monitor point. The reading is taken by the historical marker. This is point number 26 and lies at a distance of 7.3 km. The field intensity measured at this point should not exceed 6.35 mV/m.

Direction of 90° True North:

Leaving the transmitter, proceed east on Meiss Road for 5.5 miles to Ione Road. Turn left for 2.7 miles to the Pony Brown Road. Turn right to end of road. This is point number #26 and lies at a distance of 8.8 km. The field intensity measured at this point should not exceed 3.6 mV/m.

Direction of 110° True North:

Leaving the transmitter, proceed east on Meiss Road for 5.5 miles to Ione Road. Turn left for 0.9 miles. The point is 1/5 mile east of the road in the farm. This is point number #27 and lies at a distance of 7.9 km. The field intensity measured at this point should not exceed 7.9 mV/m.

Direction of 130° True North:

Leaving the transmitter, proceed east on Meiss Road for 5.5 miles to Ione Road. Turn right and proceed 6 miles to Highway 104. Turn right and proceed 1.8 miles to the monitor point. This is point number #30 and lies at a distance of 13.1 km. The field intensity measured at this point should not exceed 3.9 mV/m.

Direction of 150° True North:

Leave the 110° monitor point continue west on Highway 104 for 3.0 miles to the monitor point. The reading is taken on the east side of the culvert. This location #30 and lies at a distance of 11.3 km. The field intensity measured at this point should not exceed 3.9 mV/m.

Direction of 200° True North:

Leave the 220° monitor point continue south on Clay Station Road a distance of 2.8 miles to the monitor point. The reading is taken just south of a culvert. This is location #28 and lies at a distance of 9.7 km. The field intensity measured at this point should not exceed 3.0 mV/m.

Direction of 220° True North:

Leaving the transmitter, Turn left on Meiss Road for 2.4 miles to Dillard Road. Turn left for 2.5 miles to Tavernor Road. Turn left for 1.2 miles to Clay Station Road. Turn left for 1.2 miles to the monitor point. This is location #25 and lies at a distance of 6.8 km. The field intensity measured at this point should not exceed 6.2 mV/m.

*** END OF AUTHORIZATION ***

MINOR CHANGE APPLICATION
TO CORRECT COORDINATES
FAMILY STATIONS, INC.
KEBR AM RADIO STATION
1210 kHz - 0.5/5.0 kW - DAD
ROCKLIN, CALIFORNIA
June 2015

TECHNICAL STATEMENT

This Technical Statement supports the application by Family Stations, Inc. ("Family"), licensee of AM station KEBR, 1210 kHz, Rocklin, California, to correct the geographic coordinates of the KEBR nighttime site. KEBR is licensed to operate directionally during daytime hours at one location and non-directionally during nighttime hours at another location. In the process of an internal review of the station, it was discovered there was a variance between the geographic coordinates listed on the KEBR station license for nighttime operation and the actual coordinates of the KEBR nighttime transmitter site. The correction of coordinates required is greater than 3 seconds of longitude; therefore, this FCC Form 301 application is required to bring the geographic coordinates into agreement.

The licensed coordinates of KEBR nighttime are North Latitude 38° 43' 51" and West Longitude 121° 19' 08". The actual coordinates for the KEBR nighttime tower are North Latitude 38° 43' 43.6" and West Longitude 121° 19' 08.7".¹ This represents a correction of 0.24 kilometer (0.15 mile). No actual relocation of the facility or any other changes are proposed.

1) The correction is for 7.4 seconds in latitude and 0.7seconds in longitude and are NAD '27.

KEBR operates directionally during daytime hours with a six tower directional antenna array. No changes to the daytime facility are proposed. KEBR operates non-directionally during nighttime hours. The KEBR nighttime tower is less than 60.7 meters (200 feet) in overall height; therefore, the tower is not required to be registered with the FCC, as verified by the FCC program TOWAIR. The TOWAIR printout are included with this application to correct coordinates of the nighttime operation.

This correction of coordinates has no significant effect on the coverage of Rocklin, California. See Exhibits #1A and #1B for details. During nighttime operation, 100% of the population and 99.6% of the area of Rocklin remains served by the 8.78 mV/m nighttime interference free or nighttime city grade service contour of KEBR. As a correction of coordinates of less than 0.5 kilometer, any change of allocation contours, daytime or nighttime, is considered de minimus and is not considered further. As a correction of coordinates this application does not address the nighttime limits to radiation or nighttime signal interference clearance issues to other stations. If a waiver of the nighttime Ratchet Rule of §73.182 of the Commission's rules is necessary, one is requested.

Since this application reflects only a correction of coordinates and no actual changes to the tower structures or ground system are proposed, no allocation study, photos, or property plat are included with this application. It is believed that the property plat submitted with the original KEBR application remains accurate. Exhibit #2 details the compliance of the KEBR nighttime operation with the FCC's regulations concerning human exposure to radio frequency radiation.

Since there is no impact on the daytime operation of KEBR, it is believed that this proposal is in compliance with the ownership rules, pursuant to §73.3555(a)(2). All other necessary documentation used to certify the technical portion of FCC Form 301 has been forwarded to Family and is available to the Commission upon request.²

2) The undersigned has reviewed only the RF exposure issues associated with this proposal. All data relating to broadcast facilities was extracted from the CDBS database on the date of this application. We assume no liability for errors or omissions in that database.
