Re: Singing River Media Group, LLC (SRMG)  
WLAY(AM), Muscle Shoals, AL  
Facility Identification Number: 60611  
Special Temporary Authority (STA)  
BESTA-20200514AAG

Dear Mr. Self:

This is in reference to the request filed on May 14, 2020. SRMG requests a further extension of the STA granted on August 6, 2010, to continue operating from an alternate site to allow time to file the required FCC Form 301 applications to propose new permanent co-located facilities for stations WLAY and WVNA.<sup>1</sup> In support of the request, we noted that SRMG stated that it plans to file the applications very soon, since the last two construction permits for both stations expired in April.

Requests for extension of STA will be granted only where the licensee can show that one or more of the following criteria have been met:

- Restoration of licensed facilities is complete and testing is underway;
- Substantial progress has been made during the most recent STA period toward restoration of licensed operation; or
- No progress has been made during the most recent STA period for reasons clearly beyond the licensee's control, and the licensee has taken all possible steps to expeditiously resolve the problem.

Accordingly, the request for extension of the STA IS HEREBY GRANTED, and SRMG may continue to operate with the following facilities:

---

<sup>1</sup> WLAY is licensed for 1 kW unlimited ND operation on 1450 kHz.

Geographic coordinates:	34° 44' 14" N, 87° 42' 15" W (NAD 1927)
Frequency:	1450 kHz
Hours of operation:	day and night
Operating power:	maximum of 0.06 kW
Antenna type	24 meter long wire
Antenna Efficiency	233.8 mV/m/kW at 1 km

SRMG must reduce power or cease operation if complaints of interference are received, and use whatever means are necessary to protect workers and the public from exposure to radio frequency radiation in excess of the Commission's exposure guidelines. *See* 47 CFR § 1.1310. SRMG must submit an e-mail to my attention to note the date the applications were filed.

This authority expires on **December 2, 2020**.

Sincerely,

Joseph Szczesny, Engineer  
Audio Division  
Media Bureau
