Re: XL Media (CA) Inc. (XLM)
KGSV(AM), Oildale, CA
Facility Identification Number: 54760
Special Temporary Authority (STA)
BESTA-20200602AAL

Dear Mr. Batth:

This is in reference to the request filed on June 2, 2020. XLM requests a further extension of the STA granted on September 21, 2017, to continue ND operation to allow time to file the required FCC Form 302 application due to required replacement of tower #4 and other needed repairs/modifications.¹ In support of the request, we noted that XLM will require additional time to install the new tower and file the application to update all operating parameters.

Requests for extension of STA will be granted only where the licensee can show that one or more of the following criteria have been met:

- Restoration of licensed facilities is complete and testing is underway;
- Substantial progress has been made during the most recent STA period toward restoration of licensed operation; or
- No progress has been made during the most recent STA period for reasons clearly beyond the licensee's control, and the licensee has taken all possible steps to expeditiously resolve the problem.

Accordingly, the request for extension of the STA IS HEREBY GRANTED, and XLM may continue to operate ND with a maximum of 2 kW (day) and 1.5 kW (night). XLM must reduce power or cease operations if complaints of interference are received, and use whatever means are

¹KGSV(AM) is licensed for DA operation on 660 kHz with 8 kW day and 6 kW night, using different patterns.

necessary to protect workers and the public from exposure to radio frequency radiation in excess of the Commission's exposure guidelines. *See* 47 CFR §1.1310. XLM must submit an e-mail to my attention to note the date the application was filed.

This authority expires on **December 17, 2020**.

Sincerely,

A handwritten signature in blue ink that reads "Joe Szczesny". The signature is written in a cursive, flowing style.
