Re: Notice of Intention to Permanently Discontinue Operations of
Station K276GK
FCC Facility Identification #144632
Pomona, California

Gentlemen:

On behalf of Lotus Los Angeles Corp. ("**Lotus**"), a California corporation and licensee of the above station (the "**Station**"), I hereby notify the Commission under 47 C.F.R. 74.1263(d) that Lotus intends to permanently discontinue the Station's operations. As explained in Lotus' application for the extant special temporary authority for the Station to remain silent, Lotus received an interference complaint from a co-channel full-service FM station, asserting that the Station was causing actual interference. Lotus attempted to resolve the interference without success and has concluded that the Station cannot operate without causing such interference. As a result, Lotus has decided not resume operations, and requests that the Station's authorization be cancelled.

Please contact me if you have any questions or concerns. Thank you for your attention to this matter.

Very truly yours,

Eileen Breslin
