Extension of Special Temporary Authority For a Radio Broadcast Station
Audio Division, Media Bureau

Date: August 16, 2020
File Number: BESTA-20200811AAP
Call Sign: WJVP (FM)
Facility ID Number: 11619WJVP

A seventh extension of the Special Temporary Authority granted 8/24/2017 under file number BSTA-20170815AAV, IS GRANTED, subject to all the terms and conditions specified in the original STA authorization.

This extended authority expires **February 16, 2021**.

When operations pursuant to this STA commence, the licensee shall file a **Notice of Resumption of Operations** in the FCC’s CDBS electronic filing system.

Authorized by: Dale Bickel dale.bickel@fcc.gov
Senior Electronics Engineer

A copy of this e-mail will be posted in the FCC’s CDBS database under the file number above.
Please retain a copy of this authorization for your records.

Further note: Under silent station STA **BLSTA-20200219AAC**, granted by letter dated March 4, 2020, WJVP must return to operation no later than **September 20, 2020** to avoid automatic license cancellation pursuant to Section 312(g) of the Communications Act, or provide alternative information before that date (see Footnote 4 of that letter). Please be aware that unauthorized operations – operations with facilities not authorized by a current STA or license – do not count as a resumption of operations within one year for the purposes of Section 312(g) of the Communications Act, and cannot be used to avoid the consequences of Section 312(g). See *A-O Broadcasting Corporation*, FCC 08-10, 23 FCC Rcd 603 (2008).

Considerations:

Licensee must take all steps to ensure that workers and the public are not exposed to radiofrequency exposure in excess of the Commission’s exposure limit.

This Special Temporary Authority does not supersede any non-FCC-regulated requirements applicable to the STA-authorized facility. The licensee remains solely and wholly responsible for maintaining compliance with such requirements.

Requests for extension of STA may be granted only where the licensee can show that one or more of the following criteria have been met:

- Restoration of licensed facilities is complete and testing is underway;
- Substantial progress has been made during the most recent STA period toward restoration of licensed operation; or
- No progress has been made during the most recent STA period for reasons clearly beyond the licensee's control, and the licensee has taken all possible steps to expeditiously resolve the problem.
