Re: AM Radio station WKVM AM, San Juan PR (Facility ID 8096)
Notification of Full Licensed Operations

Dear Ms. Dortch:

I am the technical consultant to the Catholic, Apostolic & Roman Church in Puerto Rico (the "Licensee"), licensee of Radio Station WKVM AM, San Juan, Puerto Rico (Facility ID No, 8096).

As of June 1st, 2020, the station has returned to its licensed operating power. The station had been operating at reduced power levels since the filing of BSTA-20110921ABG and extensions due to a series of technical problems, including the onslaught of hurricane Maria in September of 2017.

This letter shall serve as a formal notification of the licensees' return to full licensed parameters. Any questions regarding the subject matter we respectfully request that you communicate with this office.

Sincerely,

Reuben Jusino

Technical Consultant to

Catholic, Apostolic & Roman Church in PR
