Re: Estrella Radio License of Dallas License LLC
(ERL)
KZMP(AM), University Park, TX
Facility Identification Number: 63551
Special Temporary Authority (STA)
BESTA-20200827AAJ

Dear Mr. Kei:

This is in reference to the request filed on August 27, 2020. ERL requests a final extension of the STA granted on June 5, 2017, as last modified on January 17, 2020, to continue operating with DA parameters at variance.¹ In support of the request, we noted that the required FCC Form 302 application BMML-20200612AAR to update all operating parameters remains under review at this time by our staff.

Requests for extension of STA will be granted only where the licensee can show that one or more of the following criteria have been met:

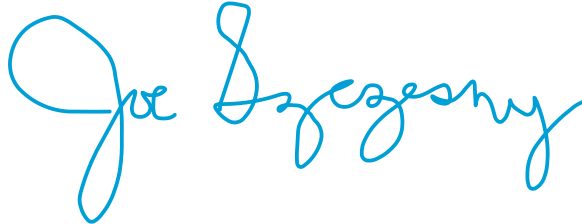

- Restoration of licensed facilities is complete and testing is underway;
- Substantial progress has been made during the most recent STA period toward restoration of licensed operation; or
- No progress has been made during the most recent STA period for reasons clearly beyond the licensee's control, and the licensee has taken all possible steps to expeditiously resolve the problem.

¹ KZMP(AM) is licensed for DA operation on 1540 kHz with 32 kW day and 0.75 kW night, using different patterns.

Accordingly, the request for extension of the STA IS HEREBY GRANTED, and ERL may continue to operate with day and night parameters at variance and reduced power if needed based upon BMML-20200612AAR. ERL must use whatever means are necessary to protect workers and the public from exposure to radio frequency radiation in excess of the Commission's exposure guidelines. See 47 CFR § 1.1310.

This authority expires on **March 1, 2021**.

Sincerely,

A handwritten signature in blue ink that reads "Joe Szczesny". The signature is fluid and cursive, with the first name "Joe" and last name "Szczesny" clearly legible.

Joseph Szczesny, Engineer
