Rokjok55@yahoo.com Sep 07 11:54 pm KVHZ AM Wasilla, AK is licensed to operate at 1430 Khz. Also licensed to KVHZ is translator K296FP- FM at 107.1 Mhz The parent AM station is never on the air K296FP is merely a bonus FM station for this broadcaster that seems to have no intention over ever operation KVHZ AM 1430 as required by their translator license. All the equipment to broadcast this AM station is available to the operators but they choose to not put the effort into keeping KVHZ on the air. This is a blatant disregard of the spirit of the AM to FM translator licensing requirements. For nearly 4 years this AM has not operated	File Edit View Window Help				×
