Re: Bustos Media Holdings, LLC (BMH)  
KGDD, Portland, OR  
Facility Identification Number: 71752  
Special Temporary Authority (STA)  
BESTA-20201005AAR

Dear Mr. Bustos:

This is in reference to the request filed on October 5, 2020. BMH requests a further extension of the STA granted on July 13, 2017, to continue operating from an alternate site to allow time to file the required FCC Form 302 application to resume licensed operations.<sup>1</sup> In support of the request, BMH has stated that additional time is needed to file the application because an FCC Form 301 application may need to be filed first to relocate the KBPS tower.

Requests for extension of STA will be granted only where the licensee can show that one or more of the following criteria have been met:

- Restoration of licensed facilities is complete and testing is underway;
- Substantial progress has been made during the most recent STA period toward restoration of licensed operation; or
- No progress has been made during the most recent STA period for reasons clearly beyond the licensee's control, and the licensee has taken all possible steps to expeditiously resolve the problem.

Accordingly, the request for extension of the STA IS HEREBY GRANTED, and BMH may continue to operate with the following facilities:

Geographic coordinates  
Frequency

45°31' 09"N, 122° 36' 32" W (NAD 27)  
1150 kHz

---

<sup>1</sup> KGDD(AM) is licensed for ND operation on 1150 kHz 5 kW (day) and 0.01 kW (night), and BP-20190213ABJ authorizes ND operation using the existing tower of KBPS (ID #4782).

Hours of operation  
Operating power  
Antenna type  
Efficiency

Day and Night  
0.01 kW maximum  
Whip antenna (18 feet in length)  
24.7 mV/m/kW/km

BMH must use whatever means are necessary to protect workers and the public from exposure to radio frequency radiation in excess of the Commission's exposure guidelines. See 47 CFR §1.1310.

This authority expires on **April 12, 2021**.

Sincerely,
