Pages 5-6 from KXST MoM 302 2020 FINAL 3.pdf; Page 37 from KXST MoM 302 2020 FINAL 3.pdf; KXST MoM 302 2020 FINAL 3.pdf;

Hi Jerry, sorry for the delay. I got to break free and go to a transmitter site Friday. Felt good to get out of the house!

Anyway, here are the modified pages. Corrected to 450 deg on page 6 and the typo on page 5 for tower 3 magnitude.

I also replaced page 37 which corrects the S/N of the 4100 meter used and adds the correlation of the recently calibrated 4100.

I'm also attaching the entire document in a clean PDF format which might make things easier for you. Hopefully someday we'll be able to bring AM applications inline with everything else.

Thank you for your help.
