Facility Identification Number: 191541  
Special Temporary Authority ("STA")  
BSTA-20201016AAG

Dear Licensee:

This is in reference to your request for Special Temporary Authority filed October 16, 2020 (BSTA-20201016AAG), and the Notice of Resumption of Operation filed the same date.

The STA request seeks authority for operations at "reduced power." However, the station record does not show any constructed, authorized facility to reduce the power of. In 2018, in STA request BSTA-20181217AAA, the previous licensee (Torres Media Group) advised that the station's licensed site was no longer available for leasing. That 2018 STA request was dismissed December 17, 2018 for specifying use of a tower listed in Commission records as dismantled. No STA request for temporary facilities has been filed since 2018. While KWXW holds construction permit BPH-20190129AAW, that construction permit facility remains not constructed and not licensed. (In any event, STAs are not granted to operate partially constructed facilities.)

As filed, the STA request BSTA-20201016AAG is meaningless and it IS DISMISSED, along with the notice of resumption of operation. KWXW is directed to cease all unauthorized operations (those not specifically authorized by a current STA or license), effective immediately.

Sincerely,

Dale Bickel
