Special Temporary Authority
BSTA-20201030AAA (dismissed)

Dear Licensee:

This is in reference to the request filed October 30, 2020, for Elohim Group Corporation's translator W228DF. The STA request asks for authority to operate from a site located 28.2 km north of the licensed transmitter site, due to "loss of licensed transmitter site" (without elaboration).

Loss of licensed site or no, the proposed changes require the filing and grant of a construction permit application on Schedule 349 before any changes can be implemented. No part of the proposed service area overlaps any part of the licensed STA service area. Nor are the two sites and coverage areas anywhere close. Consequently, this proposal cannot qualify for Special Temporary Authority under any circumstances.

Special Temporary Authority (STA) request BSTA-20201030AAA is therefore dismissed without further consideration.

Sincerely,

Dale Bickel
