Re: Intelli LLC (Intelli)  
KAZA(AM), Gilroy, CA  
Facility Identification Number: 54572  
Special Temporary Authority (STA)  
BESTA-20201105AAF

Dear Mr. Do:

This is in reference to the request filed on November 5, 2020. Intelli requests a further extension of the STA granted on September 17, 2014, to continue operating using the existing KZSJ(AM) tower to allow time to file the required FCC Form 302 application.<sup>1</sup> In support of the request, we noted that Intelli did not file the application over the past six months.

Requests for extension of STA will be granted only where the licensee can show that one or more of the following criteria have been met:

- Restoration of licensed facilities is complete and testing is underway;
- Substantial progress has been made during the most recent STA period toward restoration of licensed operation; or
- No progress has been made during the most recent STA period for reasons clearly beyond the licensee's control, and the licensee has taken all possible steps to expeditiously resolve the problem.

Accordingly, the request for extension of the STA is GRANTED, and Intelli may continue to operate with parameters at variance using the existing KZSJ tower as specified in BP-20191015AAM, using a maximum of 1.5 kW day and 0.019 kW at night. Intelli must use whatever means are necessary to protect workers and the public from exposure to radio frequency radiation in

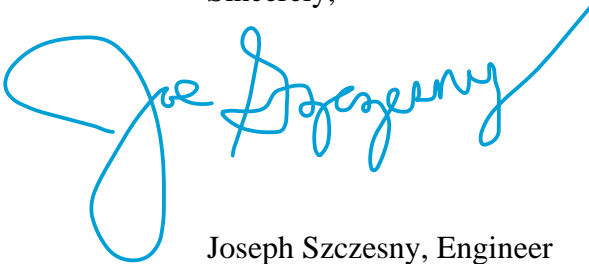

---

<sup>1</sup> KAZA(AM) is licensed for DA operation on 1290 kHz with 5 kW day and 0.088 kW night, and BP-20191015AAM authorizes use of the KZSJ tower using 1.5 kW day and 0.019 kW night.

excess of the Commission's exposure guidelines. *See* 47 CFR § 1.1310. Intelli must submit an e-mail to my attention to note the date the application was filed.

This authority expires on **May 12, 2021**.

Sincerely,

A handwritten signature in blue ink, appearing to read "Joe Szczesny". The signature is fluid and cursive, with a large loop at the beginning and a long, sweeping tail.

Joseph Szczesny, Engineer
