Re: IHM Licenses, LLC (IHM)  
WCHI(AM), Chillicothe, OH  
Facility Identification Number: 74225  
Special Temporary Authority (STA)  
BESTA-20210104AAG

Dear Mr. Davis:

This is in reference to the request filed on January 4, 2021. IHM requests a final extension of the STA granted on July 9, 2020, to continue operating with parameters at variance based upon the pending application BZ-20201119AAF filed to update all operating parameters.<sup>1</sup> In support of the request, we note that IHM will require additional time to operate while our staff reviews the application.

Requests for extension of STA will be granted only where the licensee can show that one or more of the following criteria have been met:

- Restoration of licensed facilities is complete and testing is underway;
- Substantial progress has been made during the most recent STA period toward restoration of licensed operation; or
- No progress has been made during the most recent STA period for reasons clearly beyond the licensee's control, and the licensee has taken all possible steps to expeditiously resolve the problem.

---

<sup>1</sup> WCHI(AM) is licensed for ND operation on 1350 kHz with 1 kW (day) and 0.028 kW (night).

Accordingly, the request for extension of the STA IS HEREBY GRANTED, and IHM may continue to operate with parameters at variance. IHM must use whatever means are necessary to protect workers and the public from exposure to radio frequency radiation in excess of the Commission's exposure guidelines. *See* 47 CFR § 1.1310.

This authority expires on **July 3, 2021**.

Sincerely,

A handwritten signature in blue ink, appearing to read "Joe Szczesny". The signature is fluid and cursive, with a large loop at the beginning and a long, sweeping tail.

Joseph Szczesny, Engineer
