Re: Legacy Communications, LLC (LCL)  
KRGi(AM), Grand Island, NE  
Facility Identification Number: 32382  
Special Temporary Authority (STA)  
BESTA-20201218AAJ

Dear Mr. Usher:

This is in reference to the request filed on December 18, 2020. LCL requests a further extension of the STA granted on June 15, 2017, to continue operating ND at night to allow time to file the required FCC Form 302 application.<sup>1</sup> In support of the request, LCL states that additional time is needed to file the application to update all operating parameters.

Requests for extension of STA will be granted only where the licensee can show that one or more of the following criteria have been met:

- Restoration of licensed facilities is complete and testing is underway;
- Substantial progress has been made during the most recent STA period toward restoration of licensed operation; or
- No progress has been made during the most recent STA period for reasons clearly beyond the licensee's control, and the licensee has taken all possible steps to expeditiously resolve the problem.

Accordingly, the request for extension of the STA IS HEREBY GRANTED, and LCL may continue to operate ND at night with a maximum of 0.25 kW, with no change to the licensed daytime 5 kW ND operation. LCL must use whatever means are necessary to protect workers and the public from exposure to radio frequency radiation in excess of the Commission's exposure guidelines. *See*

---

<sup>1</sup> KRGi(AM) is licensed for operation on 1430 kHz with 5 kW day (ND) and 1 kW night (DA).

47 CFR § 1.1310. LCL must submit an e-mail to my attention to note the date the application was filed unless able to resume licensed operations per BZ-20010727ACD with negligible changes.

This authority expires on **July 6, 2021**.

Sincerely,

A handwritten signature in blue ink, appearing to read "Joe Szczesny". The signature is fluid and cursive, with the first name "Joe" being more prominent and the last name "Szczesny" following in a similar style.
