Re: Asian American Broadcasting, LLC (AAB)
KFXN(AM), Minneapolis, MN
Facility Identification Number: 10141
Special Temporary Authority (STA)
BESTA-20210129AAE

Dear AAB:

This is in reference to the request filed on January 29, 2021. AAB requests an extension of the STA granted on August 11, 2020, to continue operating ND using tower #1(E) due to the collapse of the center tower.¹ In support of the request, AAB stated that it plans to file the required FCC Form 302 application to cover BP-20201031AAF to change to a permanent ND operation.

Requests for extension of STA will be granted only where the licensee can show that one or more of the following criteria have been met:

- Restoration of licensed facilities is complete and testing is underway;
- Substantial progress has been made during the most recent STA period toward restoration of licensed operation; or
- No progress has been made during the most recent STA period for reasons clearly beyond the licensee's control, and the licensee has taken all possible steps to expeditiously resolve the problem.

Accordingly, the request for extension of the STA is hereby GRANTED, and AAB may continue to may operate ND with a maximum of 0.125 kW daytime and 0.004 kW nighttime. AAB must use whatever means are necessary to protect workers and the public from exposure to radio frequency radiation in excess of the Commission's exposure guidelines. See 47 CFR § 1.1310.

¹ KFXN(AM) is licensed for DA operation on 690 kHz with 0.5 kW (day) and 0.004 kW (night) using the same pattern.

This authority expires on **August 9, 2021.**

Sincerely,

A handwritten signature in blue ink that reads "Joe Szczesny". The signature is fluid and cursive, with a long horizontal stroke extending from the end of the name.
