Subject: STA for WLNK-FM

Mr. Bickel:

I am contacting you in regards to WLNK-FM whose licensee is Lincoln University. On January 17, 2021, WLNK began operating at reduced power due to a technical problem. We anticipated having the problem corrected in early February, but a snow storm prevented the work from being completed.

A representative from the field office in Chicago (Dennis White) contacted me this morning indicating that I should file an STA due to us being at reduced power for more than 30 days. I realize I may be a few days late, but we did not anticipate the delays.

I also do not wish to engage our legal counsel on a matter that I believe I can handle on my own. Can you provide me the correct form to file? As soon as I receive this information, I will file the document promptly. The document will contain an explanation of the circumstances leading to our reduced power operations.

Thank you for your time.

"Be Proactive, Overcommunicate, and Follow Up"

Dr. John Malone

Associate Professor and WLNK-FM/LCTV General Manager
Lead Faculty for Radio, Television, and New Media
Division Chair of Fine Arts and Communication
Lincoln College
