To: Ben Dawson <dawson@hatdaw.com>; Jerome Manarchuck <Jerome.Manarchuck@fcc.gov>

Jerry,

Please assume that the coordinates listed in Ben's engineering statement are correct and process the STA request based on those.

Let me know if you need anything else.

Thanks

Tom Gorton

Tom did the actual filing, so he probably should check out the problem and fix it.

Ben,

Can you please send me an email requesting correction to the daytime coordinates specified on the Engineering STA form? They don't match the coordinates specified for the nighttime operation and those listed in your Engineering Statement. Looks like its just a simple typo.

Jerry
