Dear Applicant:

We are currently processing your above-referenced application. Our preliminary engineering review reveals that your proposed facility does not comply with the Commission's displacement application rules.

Specifically, the proposal does not include a reason for displacement.

Additionally, the proposal indicates that the interference agreement between applicant and KNSD is still in the process of being finalized. The Commission cannot accept tentative interference agreements, only finalized agreements are permitted.

You are hereby given the opportunity to file a minor amendment to resolve the problem within (30) days from the date of this letter. If not so amended, your application will be considered incomplete and subsequently dismissed.

Sincerely
