Re: Three Angels Corporation (TAC)
WIGT(AM), Charlotte Amalie, VI
Facility Identification Number: 87157
Special Temporary Authority (STA)
BESTA-20210524AAK

Dear Mr. Charles:

This is in reference to the request filed on May 24, 2021. TAC requests a further extension of the STA granted on September 7, 2018, to continue operating with reduced power to allow time to install a new 1 kW transmitter.¹ In support of the request, TAC states that additional time is needed to install the new transmitter.

Requests for extension of STA will be granted only where the licensee can show that one or more of the following criteria have been met:

- Restoration of licensed facilities is complete and testing is underway;
- Substantial progress has been made during the most recent STA period toward restoration of licensed operation; or
- No progress has been made during the most recent STA period for reasons clearly beyond the licensee's control, and the licensee has taken all possible steps to expeditiously resolve the problem.

Accordingly, the request for extension of the STA IS HEREBY GRANTED, and TAC may continue to operate with parameters at variance and a reduced power of 0.4 kW. TAC must use whatever means are necessary to protect workers and the public from exposure to radio frequency radiation in excess of the Commission's exposure guidelines. *See* 47 CFR §1.1310. TAC must submit an e-mail to my attention to note the date the station resumed licensed operations per BL-20130322AIR with negligible changes, or the date an FCC Form 302 application was filed to update all operating parameters.

¹ WIGT(AM) is licensed for ND operation on 1690 kHz with 0.92 kW, day and night.

This authority expires on **November 24, 2021.**

Sincerely,

A handwritten signature in blue ink, appearing to read "Joe Szczesny". The signature is written in a cursive style with a large initial "J" and "S".
