Re: XL Media (CA) Inc. (XLM) KGSV(AM), Oildale, CA Facility Identification Number: 54760 Special Temporary Authority (STA) BESTA-20210617AAJ

Dear Mr. Batth:

This is in reference to the request filed on June 17, 2021. XLM requests a further extension of the STA granted on September 21, 2017, to continue ND operation to allow time to file the required FCC Form 302 application to update all operating parameters.¹ In support of the request, we noted that XLM plans to install the new replacement tower #4 and complete all remaining repairs/modifications in the upcoming months.

Requests for extension of STA will be granted only where the licensee can show that one or more of the following criteria have been met:

- Restoration of licensed facilities is complete and testing is underway;
- Substantial progress has been made during the most recent STA period toward restoration of licensed operation; or
- No progress has been made during the most recent STA period for reasons clearly beyond the licensee's control, and the licensee has taken all possible steps to expeditiously resolve the problem.

Accordingly, the request for extension of the STA IS HEREBY GRANTED, and XLM may continue to operate ND with a maximum of 2 kW (day) and 1.5 kW (night). XLM must reduce power or cease operations if complaints of interference are received, and use whatever means are

¹KGSV(AM) is licensed for DA operation on 660 kHz with 8 kW day and 6 kW night, using different patterns.

necessary to protect workers and the public from exposure to radio frequency radiation in excess of the Commission's exposure guidelines. *See* 47 CFR §1.1310.

This authority expires on January 14, 2022.

Sincerely, pe

Joseph Szczesny Electronics Engineer Audio Division Media Bureau
