Re: Audacy License, LLC (Audacy)
WWWL(AM), New Orleans, LA
Facility Identification Number: 72959
Special Temporary Authority (STA)
BESTA-20210706AAH

Dear Mr. Kennedy:

This is in reference to the request filed on July 6, 2021. Audacy requests a final extension of the STA originally granted on June 25, 2020, to continue operating ND at night with 0.48 kW to allow time to file the required FCC Form 302 application.¹ In support of the request, Audacy estimates it will file the application next month.

Requests for extension of STA will be granted only where the licensee can show that one or more of the following criteria have been met:

- Restoration of licensed facilities is complete and testing is underway;
- Substantial progress has been made during the most recent STA period toward restoration of licensed operation; or
- No progress has been made during the most recent STA period for reasons clearly beyond the licensee's control, and the licensee has taken all possible steps to expeditiously resolve the problem.

Accordingly, the request for extension of the STA is hereby GRANTED, and Audacy may continue to operate ND at night with a maximum of 0.48 kW, with no change to the licensed daytime 5 kW ND operation, as authorized by BP-20200810AAQ. Audacy must reduce

¹ WWWL(AM) is licensed for operation on 1350 kHz with 5 kW ND day and DA night, and BP-20200810AAQ authorizes a permanent change to ND operation at night with 0.48 kW.

the nighttime power or cease operation if complaints of interference are received, and use whatever means are necessary to protect workers and the public from exposure to radio frequency radiation in excess of the Commission's exposure guidelines. *See* 47 CFR § 1.1310.

This authority expires on **January 20, 2022**.

Sincerely,

A handwritten signature in blue ink, appearing to read "Joe Szczesny". The signature is fluid and cursive, with a large initial "J" and a long, sweeping underline.

Joseph Szczesny, Engineer
