Re: WJBW LLC (WL)
WJBW(AM), Jupiter, FL
Facility Identification Number: 32963
Special Temporary Authority (STA)
BESTA-20210819AAH

Dear Mr. Napoleon:

This is in reference to the request filed on August 19, 2021. WL requests a further extension of the STA granted on August 31, 2018, to continue operating with a temporary antenna to allow time to file the required FCC Form 301 application for a new permanent facility (due to destruction of the licensed site tower in 2017).¹ In support of the request, we noted that WJBW will require additional time to file the application.

Requests for extension of STA will be granted only where the licensee can show that one or more of the following criteria have been met:

- Restoration of licensed facilities is complete and testing is underway;
- Substantial progress has been made during the most recent STA period toward restoration of licensed operation; or
- No progress has been made during the most recent STA period for reasons clearly beyond the licensee's control, and the licensee has taken all possible steps to expeditiously resolve the problem.

Accordingly, the request for extension of the STA hereby GRANTED, and WL may continue operating with the following facilities:

Geographic coordinates
Frequency

26° 56' 20" N, 80° 07' 00" W (NAD 1927)
1000 kHz

¹ WJBW(AM) is licensed for ND operation on 1000 kHz with 0.65 kW (day) and 0.017 kW (night).

Hours of operation
Operating power
Antenna type

Unlimited
0.325 kW (day), 0.0085 kW (night)
70 foot wire antenna with 50 feet of top loading

WL must use whatever means are necessary to protect workers and the public from exposure to radio frequency radiation in excess of the Commission's exposure guidelines. *See* 47 CFR §1.1310. WL must submit an e-mail to my attention to note the date the application was filed.

This authority expires on **February 19, 2022**.

Sincerely,

A handwritten signature in blue ink, appearing to read "Joe Szczesny". The signature is fluid and cursive, with a large initial "J" and a long, sweeping underline.

Joseph Szczesny, Engineer
