Re: KPCN-LP, Woodburn, OR
Facility I.D. No.: 133049
Pineros y Campesinos Unidos del Noroeste
BPL-20080401BEH

Dear Applicant:

This letter refers to the above-captioned application for a minor change to change to 240L1 in Woodburn, OR.

In the application, Pineros y Campesinos Unidos del Noroeste proposes to operate on channel 240, pursuant to the second adjacent channel waiver procedures adopted by the Commission in its Third Report and Order in *Creation of a Low Power Radio Service*.¹ In accordance with these procedures, this letter constitutes approval to operate under special temporary authority ("STA") with the following facilities:

Geographic coordinates:	45° 08' 29" N, 122° 51' 21" W (NAD 27)
Channel	240
Effective radiated power:	0.029 kilowatt
Antenna height:	
above ground:	45 meters
above mean sea level:	55 meters
Above average terrain:	55 meters

The staff has tentatively concluded that the KPCN-LP application meets the requirements of the Second-Adjacent Channel Waiver Standard and is otherwise acceptable for filing. An engineering analysis has determined that there are no alternate, fully spaced, and rule compliant channels available. Application BMPL-20080401BEH will be retained in pending status and the request for STA IS HEREBY GRANTED. STAs issued pursuant to these procedures will be subject to any action taken by the Commission in the *Second Further Notice*. The Commission

will withhold final determination of the waiver request until action on the *Second Further Notice* proposals.

KPCN LP must notify the Commission when STA operation has commenced. KPCN-LP must use whatever means are necessary to protect workers and the public from exposure to radio frequency radiation in excess of the Commission's exposure guidelines. *See* 47 CFR § 1.1310.

This authority expires on **February 25, 2009**.

Sincerely,

A handwritten signature in blue ink, appearing to read "Rodolfo F. Bonacci".
