Re: KTRS-AM License, LLC. (KLL)
KTRS(AM), St. Louis, MO
Facility Identification Number: 20359
Special Temporary Authority (STA)
BESTA-20211102AAH

Dear Mr. House:

This is in reference to the request filed on November 2, 2021. KLL requests one final extension of the STA granted on July 25, 2018, to continue temporary operations to allow time for our staff to review the FCC Form 302 application filed to update all operating parameters (due to replacement of one tower).¹ In support of the request, KLL stated that additional time will be needed for our staff to review the application since filed very recently.

Requests for extension of STA will be granted only where the licensee can show that one or more of the following criteria have been met:

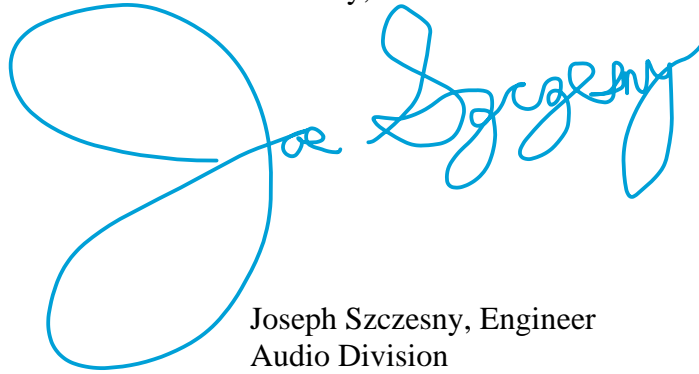

- Restoration of licensed facilities is complete and testing is underway;
- Substantial progress has been made during the most recent STA period toward restoration of licensed operation; or
- No progress has been made during the most recent STA period for reasons clearly beyond the licensee's control, and the licensee has taken all possible steps to expeditiously resolve the problem.

Accordingly, the STA extension is **HEREBY** granted, and KLL may continue to operate ND at night using a reduced maximum power level of 0.4 kW to protect station WKRC (ID# 29737), or with the nighttime 5 kW DA pattern with parameters at variance based upon the new method of moment proof (with no change to the daytime licensed 5 kW ND operation). KLL must reduce power or cease operations if any additional complaints of interference are received, and use whatever means are necessary to protect workers and the public from exposure to radio frequency radiation in excess of the Commission's exposure guidelines. *See* 47 CFR §1.1310.

¹ KTRS(AM) is licensed for operation on 550 kHz with 5 kW day (ND) and night (DA).

This authority expires on **May 2, 2022**.

Sincerely,

A handwritten signature in blue ink, appearing to read "Joe Szczesny". The signature is fluid and cursive, with a large initial "J" and "S".
